

Wall recessed luminaires

IP 65 Dusttight and Jetproof conforming to DIN, VDE, IEC.
Class I.

This wall recessed unit is a member of our rectangular shape collection with compact appearance. It features energy efficient lamps for functional direct illumination. The unit provides less glare from low mounting heights which enables designers to create visual continuity, wall grazing lighting effects, highlighting the floor.

The robust construction makes the luminaires ideal for specification in most commercial or public areas.
