

Wall recessed luminaires

IP 65 Dusttight and Jetproof conforming to DIN, VDE, IEC.
Class I.

This wall recessed unit is a member of our rectangular shape collection with compact appearance. It provides the most pleasing and even light distribution which facilitates safe pedestrian traffic amongst walkways and stairways by creating visual continuity and highlighting the walkways. The lower lamp wattages have significantly reduced the energy consumption of the units thus reducing the heat generated and the associated running costs.

- Dusttight and Jetproof
- Corrosion resistant die cast aluminium body and faceplate
- UV stabilized and vandal resistant polycarbonate diffuser or safety glass lens on request
