

Wall recessed luminaires

IP 55 Dustproof and Jetproof conforming to DIN, VDE, IEC.
Class I.

This surface mounted unit is a unique fixture designed to feature energy efficient lamps for functional direct illumination. It provides even light distribution over optical tempered texture glass lens and eliminates glare to an acceptable level which enables designers to create visual continuity and wall grazing lighting effects. This unit is suitable for walls, corridors, stairwells, etc.

- Dustproof and jetproof
